 - Conferences is a new higher expense but we also have new Board Members who are encouraged to attend (\$ well spent)
 - No extra revenue (membership is down a little; interest income is down a lot)

5. Negotiator's Report

- Old Business:
 - Supplemental Insurance: Laura Ecklin & Becky Gonzalez will come to negotiations to answer questions (send questions to secretary),
 - Negotiation Team Size, (still waiting to hear): compensation (mandated costs) for District Negotiators (faculty can only have 3), never been precedent to have an imbalance like that
 - IBB Report (did training: first part of day for all constituents; afternoon for our negotiating group, Exec. Board, District's negotiating group, & District Cabinet): voiced that this isn't to be the end of IBB or IBB training, but future check-ins
 - SEM Reassigned Time: must be negotiated (to protect our membership)

QUESTION: How does one bring issue of increased work load to union (assessment, for example) Job block process?

New Business: Health Premiums, Benefit Allotment—need 2 volunteers
